Washington, DC 20554

Subject: Nexus Communications, Inc., FCC Certification of the Company's Wireless Traffic Percentage of Interstate Use for Third Quarter of 2010
WC Docket No. 05-68, Redacted Version of Filing

Dear Ms. Dortch:

Pursuant to Section 64.706 of the Commission's rules (47 C.F.R. § 64.706), "[e]ntities that provide telecommunications to the public...for a fee will be considered telecommunications carriers providing interstate telecommunications services and must contribute to the universal service support mechanisms." Certain other providers of interstate telecommunications "must also contribute to the universal service support mechanism", which includes, but is not limited to, providers of cellular telephone services. Consistent with this requirement, please find enclosed a **REDACTED** version of Nexus Communications, Inc. ("Nexus", the "Company") FCC Certification of the Company's Wireless Traffic Percentage of Interstate Usage ("PIU") for the Third Quarter of 2010. As Nexus is seeking confidential treatment of the information contained in the FCC Certification, it is therefore simultaneously filing an original, signed version of the FCC Certification by paper.

Should you require further information, please contact the undersigned at (318) 780-3987 or via email at r.munn@suddenlink.net.

Respectfully submitted,

Ronald Munn, Jr.
Consultant to Nexus Communications, Inc.
